

Terrace House,
Chapeltown Road, Leeds
My dear Mr. Chapman
October 21st 1857.
Boston.

I have now great pleasure in being able
to send you word of the dispatch of our usual
contributions for your Bazaar. The Box was
forwarded from Leeds on the 1st October, but owing
to some little delay in Liverpool, it was not shipped
until the 13th October, by the "Hodie Snow", one of
Warren & Hager's (late Train & Co's) Boston Line of
Packets, & Messrs W & I with me, "that if the vessel
makes any sort of a passage, she ought to be in
Boston before the end of November," so that I hope
it will be in plenty of time even for your earlier
date this year. As my wife had written you a note
respecting the Box, I will merely copy it on the sheet
of foreign Post, & so on postage, & only add that I
trust the Box this year may prove as acceptable as
ever & realise all your's & our expectations; perhaps
the monetary crisis through which you are now passing
may in some degree affect your Bazaar; our absorbing
topic just now is India, where we have several dear
Irish friends & acquaintances, one in Lucknow & the
other in Bombay. The Box contains contributions from
Halifax, Leeds, Derby & Thirsk & I send you
a rough list of articles for Boston House purposes &c.
Your Bazaar when your coadjutors will more properly
value; Mr. Smith values his Painting at £3; it is Riviera
Abbey in Yorkshire, & a beautiful one it is; you will find it in a

separate box at the bottom of the base secured down
so as not to shake about. The money is in a small box
containing some broaches. Particulars as stated
below. I have received 20¢ since sending off the Box
from Misses Williams of Bridgend, South Wales, for
the Bazaar which I will send you if an opportunity
offers. Perhaps through Mr Webb of Dublin, along
with my subscription for the Liberator. The money
contributions you will perhaps acknowledge as usual. Will
you be kind enough to give my present address
as at the head of this letter to the Liberator Office &
request the Clerk to address the papers in future
as this is instead of my old address of Abchurch Lane.
Is there any chance of seeing you again soon in England
or are we to have the pleasure of seeing you in sister
or Theodore Parker or Wendell Phillips, or any base
the two latter. Remember me to Mr Garrison, & Mr
Pillsbury & Mr Foster when you see them. I wish to
kind regards to yourself & good wishes for the success
of the cause you have most at heart. Believe me
Dear Mrs Chapman yours very sincerely
